Designed as One Complete Experience to Power your eDiscovery Workflow

As a global leader in legal consulting and services, Consilio is committed to helping propel our clients further with proven solutions & expertise. The culmination of multi-year, multi-million dollar investments, Consilio Complete Discovery is a proven end-to-end platform bringing together world-class expertise, innovations in technology & data, along with robust investigations and eDiscovery workflows. Eight capabilities are tightly integrated to drive efficient outcomes, reduce client risk & control cost for investigations, eDiscovery and workflows – all designed to deliver as one complete experience.

Meet the Consilio Complete Suite

Eight proven solutions supported by global expertise, a secure technology infrastructure & robust workflows. Visit a hyperlink or read detailed fact sheets to learn more about a specific solution of interest.

complete connector

Expert-driven solution for defensible, accurate ESI collection and processing while ensuring seamless review in Relativity or Consilio's award-winning Sightline eDiscovery platform.

consilio.com/complete/connector

complete ai

Comprehensive legal AI & analytics solutions to uncover relevant data, reduce costs, and improve work product quality – employing a unique team-based approach blending both legal & computing expertise along with cutting-edge tools & robust workflows.

consilio.com/complete/ai

complete data

Data processing, hosting & production that performs with scale, automation & security built-in and deployed on a global technology & support ecosystem.

consilio.com/complete/data

complete review

Drive confidence, quality & cost savings with document review leveraging an expert global review team, training & collaboration methodology, as well as technology & workflow enhancements to cover standard to specialized reviews – anywhere in the world.

consilio.com/complete/review

complete media

A comprehensive solution designed to meet these challenges by merging secure global infrastructure, proprietary conversion applications and advanced indexing technology.

consilio.com/complete/media

complete flex

Enablement, support, technology & infrastructure on your terms – leverage Consilio's full-service support capabilities or our secure, scalable technologies & infrastructure in a self-service support model.

consilio.com/complete/flex

complete security

Robust enterprise security framework to reduce risk, compliant with modern best-practices, and operating at global scale

How Complete is Different

By leveraging the scale & diversity of clients served as well as the breadth of challenges, we've designed Consilio Complete Discovery from the ground up to deliver not just the essentials you'd expect from a partner but the best, most efficient client experience at every stage. From ensuring chain-of-custody & security of your data at intake to the quality control checks on the over 1,300 productions we deliver per month, we continually look at how to deliver quality, cost- and workflow-efficiency for our clients.

A More Consultative Approach

Our specialists are guides, not order takers. We challenge assumptions based on experience and ask the right questions at the start to keep your review on track and on budget.

A Drive to Achieve Service Excellence

Our teams develop proven processes and patent-pending QC overview to deliver faster turnarounds without sacrificing quality.

Right Solution for the Right Results

With over 100+ software and database engineers on staff, we innovate to help our clients excel beyond the status quo from in-house platforms to enhancements of off-the-shelf solutions.

Together as One Global Practice

Through our expert advisors, technology infrastructure, matter expertise and proven workflows we offer our clients global reach and local expertise together.

Global Reach, Local Expertise
